The Universal Design for Learning framework provides an approach to designing meaningful learning environments that support learning variability in classrooms. UDL practices help ensure all learners can meet learning goals by removing barriers to learning, and creating a flexible learning environment. It provides a blueprint for designing strategies, materials, assessments, and tools to reach and teach all students, including those with diverse needs.

Hopkins Universal Design for Learning Initiative. The Hopkins Universal Design for Learning Initiative (HUDL Initiative), seeks to support the use of Universal Design for Learning (UDL) principles in face to face and online courses across the university. UDL provides an opportunity for the Hopkins community to think about teaching and learning methodologies that accommodate and provide opportunities for success for all learners, not just those who request an accommodation.
