At Globe Publishing, the core of all our products is a book. The book is the platform from which the child's capabilities and understanding expands, creating a firm foundation for the playing and learning experience involved in each product. But what makes a Globe product truly unique is our different accessories – such as a puzzle or wooden figures – which let the child engage with the product and its overall theme in a comprehensive way.

Products - Globe Publishing

At Globe Publishing we have a unique way of developing our products. At the core of the process is the Learning Circle, which keeps the child's progress, curiosity, and complete learning needs in mind. It consists of eight different skills, that all facilitate optimal learning for the child. Read more about our concepts here.
