La tecnica di seduzione più efficace in assoluto spiegata in dettaglio

Originally published in 1889, this work's protagonist Andrea Sperelli introduced the Italian culture to aestheticism and a taste for decadence. The young count seeks beauty, despises the bourgeois world, and rejects the basic rules of morality and social interaction. His corruption is evident in his sadistic superimposing of two women.

The Quiet Avant-Garde explores how crepuscularism and futurism, two early-twentieth-century Italian movements, have redefined the relation between the human and the nonhuman.

Mario Praz (18961982) was among the great scholar/critics of the last century. His studies of iconography and seventeenth-century art remain unsurpassed and indispensable. His most famous work, The Romantic Agony, examines the themes of sexuality and morbidity that permeated so much late-eighteenth and nineteenth-century literature. But The House of Life comes as close to his autobiography as anything we are likely to encounter, and it is a quirky and magical book. In simplest terms, it is a house tour, but Praz's Roman apartment was no ordinary house it was a wunderkammer, a house of wonders, rooms replete with objects d'art and sculpture, walls hung with paintings and prints, bureaus overflowing with postcards and ephemera. And Praz is no ordinary guide; he leads you, the reader, through each room lecturing on the objects therein. What emerge are his passions, his immense erudition, his insatiable curiosity, his undeniable amiability, his infectious enthusiasm. What might have been a predictable didactic exercise is transformed and expanded into a multi-layered disquisition on the nature of art, on the challenge of investigation and discovery, on the idiosyncracies of personalities, on the serendipitous way in which art and the objects we choose to surround us tell stories that go far beyond their purely physical attributes. Early on, Edmund Wilson recognized this book as a masterpiece, its author as something of a genius.

Instant Newton: A collection of Helmut Newton's test Polaroids Polaroids occupy a special place in the hearts of many photo enthusiasts who remember a time when "instant photography" meant one-of-a-kind prints that developed within minutes of clicking the shutter. What was once a crucial tool for photographers to test their shots before shooting on film has now become obsolete in the face of digital photography. Luckily for us, legendary photographer Helmut Newton saved his test Polaroids, allowing a privileged and rare chance to see the tests from a selection of his greatest shoots over a period of decades, including many from the TASCHEN titles SUMO, A Gun for Hire, and Work. Selected by his widow, June Newton, from over 300 photos featured at the 2011 exhibition "Helmut Newton Polaroids" at the Museum f r Fotografie in Berlin, this collection captures the magic of Helmut Newton photo shoots as only Polaroids can. Text in English, French, and German

Justine (or The Misfortunes of Virtue) is set just before the French Revolution in France and tells the story of a young woman who goes under the name of Therese. Her story is recounted to Madame de Lorsaagne while defending herself for her crimes, en route to punishment and death. She explains the series of misfortunes which have led her to be in her present situation.

"The 120 Days of Sodom" is a 1785 novel by the French writer and nobleman Donatien Alphonse François. It is the story of four aristocratic male libertines who decide to seek out ultimate sexual gratification in the form of orgies. To this end, they seclude themselves in a remote castle in the heart of the Black Forest for four months, along with a harem of 46 victims-most of whom are young male and female teenagers. Donatien Alphonse François, Marquis de Sade (1740 -1814) was a French revolutionary politician, aristocrat, philosopher, and writer, famous for his libertine sexuality. Other notable works by this author include: "Justine, or the Misfortunes of Virtue"; "Juliette", and "Philosophy in the Bedroom". Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this volume now in an affordable, modern, high-quality, addition complete with the original text and artwork.

The Marquis de Sade's first book is an account of Eugenie's education by two libertines. The girl is finally so well-trained, she quite happily watches the rape of her own mother. Actually, the title is a comedy, and is generally considered de Sade's funniest work.
