~~POLITICAL SCIENCE (852) - CISCE~~

Political science, occasionally called politology, is a social science which deals with systems of governance, and the analysis of political activities, political thoughts, associated constitutions and political behaviour.

~~Political science - Wikipedia~~

This symposium celebrates the contributions of ethnography and participant observation to political science research. Together the essays illustrate the particular strengths of ethnography and participant observation as methods that draw researchers "out from behind their desks" and bring them closer to the people, events, processes, and institutions that the discipline seeks to understand.
