The first edition of Percorsi quickly became one of the best-selling elementary Italian texts. The new second edition features a new design, more focus on skills-development, updated cultural information and a full version of MyItalianLab. Percorsi is an introductory program that promotes the acquisition of Italian language and culture through the integration of the "5 Cs" principles of the National Standards for Foreign Language Education. Percorsi is designed to provide beginning learners with a variety of tools to develop their communicative competence in the four major language skills--listening, speaking, reading, and writing--as they acquire familiarity with Italian culture. All of the features in Percorsi have been carefully thought out to support the two key aspects of the language acquisition process: language comprehension and language production. From the start, carefully structured communicative activities based on authentic materials and texts encourage students to use Italian in everyday situations. Generous use of authentic content also offers students a chance to develop reading skills while gaining cultural awareness and understanding of Italian communities and traditions throughout the world. In addition, each chapter explicitly promotes cultural exploration through illustrated presentations that are followed by activities facilitating comprehension and highlighting cultural comparisons. Students are encouraged to analyze and compare extremely varied aspects of Italian culture while making connections to their own experiences. MyItalianLab will be available for Fall 2011 courses.

Officially censored upon its Chinese publication, and the subject of a bitter lawsuit between author and publisher, Dream of Ding Village is Chinese novelist Yan Lianke's most important novel to date. Set in a poor village in Henan province, it is a deeply moving and beautifully written account of a blood-selling ring in contemporary China. Based on a real-life blood-selling scandal in eastern China, Dream of Ding Village is the result of three years of undercover work by Yan Lianke, who worked as an assistant to a well-known Beijing anthropologist in an effort to study a small village decimated by HIV/AIDS as a result of unregulated blood selling. Whole villages were wiped out with no responsibility taken or reparations paid. Dream of Ding Village focuses on one family, destroyed when one son rises to the top of the Party pile as he exploits the situation, while another son is infected and dies. The result is a passionate and steely critique of the rate at which China is developing and what happens to those who get in the way.

In a small Pacific Northwest town we meet a young man who has shot dead his best friend with a gun. The novel deals with the repercussions of this tragedy: the anguish, regret, despair and bittersweet romance. Typical of Brautigan's singular style, So the Wind Won't Blow it all Away is a beautifully written, brooding novel. Its autobiographical prose is a fitting epitaph to this complex, contradictory and often misunderstood writer.
