Raptor A Journey Through Birds

'Raptor: A Journey Through Birds' is a lyrical, poetic, and occasionally superfluous endeavour in nature writing; James Macdonald Lockhart writes with the ease and finesse of a weathered pro.

Admittedly, his prose

is sometimes
overbearingly
flamboyant but it's
difficult not to see why
he romanticises the
raptors he discusses
so ardently - his
enthusiasm is
infectious.

A journey in search of raptors, a journey through the birds and into their worlds. That is how I envisaged it. Beginning in the far north, in Orkney, and winding my way down to a river in Devon.
